MOTHER

The stretch of the years is now long past
Since I was your baby girl,
The years when you mended a broken doll
Or smoothed down a straying curl.

I've come since then to a woman's place

To my graduation day.

I'm a nurse__and the dream of my childhood hours

Stands achieved__and my heart is gay.

But mother, I know I could never have won If your love hadn't helped me along.

I who was always so weak on the way You who were ever so strong.

Your love and your help, and your kindly praise
These followed me through the years.
A million thanks well up from my heart,
God bless you—your joy and your tears.

You are my model—you my ideal Yours—ever the love that was true. God couldn't be with me all the time So He gave me a mother like you.

FATHER

And mother, if ever around my neck
The arms of a baby twine
I only ask God to be like unto you,
You__little mother of mine.

Today I'm a nurse__it seems but a dream
I can hardly believe that it's true.
My training is done__I have come to the end
And my first grateful thought is, of you.

You, my father, who helped me so much on the way; You whose love and whose faith was so strong. Yours the kindness, the courage, the praise that was there In times when the way seemed so long.

I know that you're proud, Dad, today as you see Your nurse__just so late your wee tot, But my pride in you, Dad, rings as strong in my heart God love you__and bless you a lot.

This is only a verse__just a "thank you" in rhyme But it tells of the love that in gratitude comes From a graduate nurse to her Dad.

Because of all your encouragement and inspiration throughout our three years as student nurses, we the Class of 1966 do most proudly dedicate this year's edition of the Caducean to you, OUR PARENTS.

IN APPRECIATION

To the man behind the scene who is always concerned with and interested in the welfare and happiness of "his girls", the student nurses, we, the Class of 1966 wish to express our appreciation and heartfelt thanks to you, Mr. Robert L. Zucker.

In Recognition

You have touched the lives of many human beings in your years of devotion to the practice of nursing. By your supervision and concern for your patients, our nursing education was greatly enhanced. Your kindness and gentle guidance stand in the memories of all of us. We, the graduating class of 1966, extend our sincere thank you.

WOMAN'S BOARD

What would the Gab Room be like without popcorn supplied by the Women's Board? Your thoughfulness and kindness which makes our life at Howenstine Home more enjoyable are much appreciated by all the students.

One of the special programs prepared by members of the Women's Board.

Officers of the Women's Board are Mrs. E. G. Pocock, Chairman; Mrs. H. M. Swihart, Secretary; Mrs. Ford Brandin, Vice-Chairman; Mrs. Russell Gardener, Treasurer.

ALUMNI OF M. C. H.

The Alumni of Massillon City Hospital hold regular meetings and carry out many activities. We wish to express our "thank you" for your gifts to the school of Nursing.

Indeed the alumni are an active group!

ADMINISTRATION

At Massillon City Hospital, we attempt to make every effort to place the resources of the hospital and the community in support of the School of Nursing. We realize the great responsibility that is placed upon us in the education of nurses. To us, each student is most important. As a student progresses through the various phases of nursing education that is planned by the faculty, it is our sincere desire and expectation that there will be a good, wholesome development of the student's personality, an increase in knowledge, and a development of mature judgment. May the rich rewards of satisfaction and the blessings of happiness mark every step of the Massillon City Hospital School of Nursing graduates.

SCHOOL OF NURSING FACULTY

Congratulations to the Class of 1966 for the successful completion of your basic nursing program. During the past three years each of you has shown that you possess the qualities necessary to become successful in the practice of nursing.

Your future practice and personal achievements will demonstrate your belief and faithful investment in education. Education has been defined as a continuous process by which the individual cultivates qualities and talents which aid him to grow harmoniously in all his powers: physical, intellectual, social, esthetic, and spiritual. This is the challenge that we face.

A great investment has been made in your future. Your parents, your school, and society (to name only a few) have shared in the noble enterprise. Now you must take the responsibility to sare in offering your experiences and talents to our communities as well as to students of the future. A School—its student body, faculty, and administration that does not feel the warmth of support and devotion of its alumni is deprived of one of its prized possessions. It is our fervent prayer, then, that you may be enabled to truly utilize your many opportunities to benefit others.

AFFILIATIONS

Massillon State Hospital

Three months at Massillon State Hospital — It sounds like a long time but oh how it flies. Here we gained better insight and understanding of mental problems and anxieties in our patients through a clearer understanding of ourselves. Films, lectures, and, most of all, our patients aided us in our development.

Akron Children's Hospital

Three months of studying and working in the colorful and modern environment of Akron Childrens' Hospital gave us a basic pediatric nursing education. How can we ever forget the "Halls of AgNO₃", clapping and vibrating, play therapy, and other nursing care given to these active, lovable children?

VISITING NURSE SOCIETY

A two week introduction to public health and visiting nurse service enlightened us to the necessity of home-going preparation of our patients and of the importance of this aspect of nursing. Many miles of travel and weary feet are overlooked with the gratitude of patients and family when they welcome "their nurse."

HIGHLAND VIEW HOSPITAL

Our Highland View experience was a worthwhile four week program in many aspects of rehabilitation of chronically ill. Transfer techniques, re-education in activity of daily living, occupational therapy, etc. gave us many new approaches to total patient care in our practice of nursing. Individual rooming, trips through the tunnels, and the big striking clock were all part of our environment in this unique place.

Remember the time one of us hit a doctor in the head with this light?

SPECIALTIES

Our hospital is composed of many separate departments which are vital to the smooth functioning of a well equipped hospital. Three of these are the obstetrical, emergency, and surgical departments.

Our school feels that these departments are so important that they include them in our curriculum as part of our affiliations, and we spend time in each department learning special skills, observing, and enjoying areas of our hospital where team-work and alertness are keys to success.

Remember eating lunch at 2 p.m. every day during surgery?

Proof of the "tender loving care" given during our obstetrical experience.

...TO LEARN

FRESHMEN CLASS

It all started September 8, 1965. Thirty-one of us, hopeful, scared, and eager walked into the beginning of a new life. That day we began learning a new way of life, a new manner, even a new language. This was the day we entered a school of nursing.

Who can forget the first two weeks? Hootenannies, picnics, nights out, and many, many orientations. Then the real work started when classes started at Akron University.

One of our first money-making projects was selling, and did we sell! But it was worth it, for this was the kind of thing that drew the class together and made us a family, bringing us closer to each other than we had ever been to anyone before.

Christmas came and went, and somehow so did finals. It seemed like the second semester passed so quickly; maybe because there was so much to do and so little time in which to do it. Easter passed and the long awaited day arrived. This was the day we had waited for all year — June 30th, capping. But at last we had our caps and all the status and responsibility that went with them. And each of us thought, very privately — Maybe it's worth it after all!

JUNIOR CLASS

September of 1965 was a wonderful month.

We were officially Juniors. Our "little sis's" arrived and we enjoyed orienting them to their new way of life and giving them a few hints to success that only the "wisdom of experience" could give.

Along with the title of Juniors came six months of Medical-Surgical nursing

Along with the title of Juniors came six months of Medical-Surgical nursing with its hours of classes, clinical experience, and that CARE STUDY! March 1966, seemed so far away!

To make the time go faster we sponsored various projects; working on our slave days, making and selling hard tack candy at Christmas, and selling tickets for our Valentine's Day raffle.

March finally arrived and we started working different shifts after which we had a week's vacation. It was much too short to suit us!

In April our class began one of the most interesting periods of our education—affiliations. Roommates parted and friends said their farewells, but each of us knew that in August we would be together again at "banding." At this time we would become the Senior Class and begin to take the final step to reach the pot of gold at the end of "our" rainbow.

SENIOR CLASS

Standing: Paulette May — Historian; Sue Whitmer — Vice-President; Linda Knerr — President. Sitting: Judy Graber — Secretary; Bonnie Myers — Treasurer.

It was a sunny fall afternoon that September 8, 1963 when 36 eager, happy and yes, somewhat frightened young girls entered the big brick building called Howenstine Home. This was to be our home for the next three years and a

part of our lives forever.

The major part of our first nine months was spent attending classes at Akron University. Who can forget the long hours spent with studies, "cramming" for exams, and of course those bus trips to and from the University. In November we made our appearance on the nursing divisions, lavishing our patients with T.L.C. and working to improve our nursing skills. We successfully reached our first goal on June, 1964 when we proudly received those starched white caps and began to feel like real nurses.

As Juniors, we were happy to welcome in the new freshmen class. The winter was spent with long hours of studying for Med-Surg Classes. The important Junior Care Study was the object of much time, effort, and anticipation. In March, with mixed feelings of excitement and apprehension, we began our year of affiliations. We have profited much from the knowledge obtained and

the many new friends acquired during this year.

We came together as a class again in September, 1965 to receive the long awaited black band from our Big Sis. With the attainment of this our second

big goal, we came into the ranks of Seniors.

On April 17, 1965 after a year of separation we came together to complete our training with increased study in Senior Seminar, Team Nursing, I. V. Therapy, and, the big Senior Care Study. Our days were filled with eager anticipation of that long awaited day — August 19, 1966 — our graduation.

pation of that long awaited day — August 19, 1966 — our graduation.

Now that we have reached our third and finest goal, that of becoming graduate nurses, we are well prepared to face the future and accept all it has to offer. The fond memories of these past three years will linger long after the last glowing moments of graduation has passed.

SPECIAL THANKS

For your many efforts and contributions throughout the last three years, we, the class of 1966, would like to express a deep and sincere thank you to you, Mrs. Alberta Montgomery, our class advisor.

A NURSE'S PRAYER

Because the day that stretches out for me Is full of busy hours, I come to Thee

Linda Kay Knerr

A loyal companion with a winning personality. Always ready to lend a hand when needed. A good nurse at the bedside.

Charlotte Ann Smith

Competent and professional on duty, witty and fun when off; a mixture of gifts and talents make up our pixie, Charli.

Beverley Jean Griffith

A true friend to all; Known for her qualities of leadership; Displays happiness and assurance within. Likes
soft pink and letters from Kenny.

To ask Thee, Lord, that wilt see me through The many things that I may have to do.

Help me to make my beds the smoothest way. Help me to make more temping every tray.

Bonnie Lou Myers Considerate and kind to others with a smile for everyone, possesses a good sense of humor, likes to sleep after work.

Mary Louise Little

Always witty and full of fun is our "Little". A sincere friend to all. You can often find her passing time in front of the T.V.

Betty Jane Fleming

Loves "The Sound of Music" and stationery by Eaton.

An optimist who adds a drop of golden sunshine to our rainbow.

Patricia Lynn Shearer

Gentle, quiet, and sincere. Always there when needed.
Can be counted on for a friendly smile and kind word.

Help me to sense when pain must have relief. Help me to deal with those borne down by grief.

Judith Marilyn Graber
Known and loved by all. Truly the "Mother" of our class. Another like her could never be found.

Paulette Lynne May
Laughing, fun loving, but with a serious side, too.
Our redhead lass loves colonial furniture, farms, and
Will.

Help me to take to every patient's room

The Light of Life to brighten up the gloom.

Help me to bring to every soul in fear.

The sure and steadfast thought that Thou are near.

Sandra Katherine Oravec

Efficient, considerate to all, always ready for fun.
Noted for her long hair and friendly manner. Our
Sandy is a future Navy nurse.

Sandra Fankhauser Wendling
Kind, considerate, always ready to help. A capable
nurse and wife. Better known as "Fanky".

And if today, or, if tonight, maybe, Some patients in my care set out to sea

Cheryl Sue Schulz

Her winning smile warms the heart of many; sincere in all she does; a friend to all; voted outstanding farmer of the class.

Sandra Jean Nadeau

Vibrant and cheerful, she always has time for a word with patients. Her favorite pass-times are record albums and trips to Indiana.

To face the great adventure we call death, Sustain them, Father, in their parting breath.

Barbara Blackwood Brown Capable, energetic worker plus being a loving mother and wife. She is a sincere and busy friend.

Rebecca Ann Schlegel Golden curls, laughing green eyes. A gentle heart, a face hand painted by Nature, a woman, a nurse.

Pao Chin Shu Sincere, capable, ambitious, sensitive to other's needs, and a true friend.

Help me to live through this livelong day
As one who loves Thee well, dear Lord, I pray,

And when the day is done, and evening stars Shine through the dark above the sunset bars,

Mary Lou Mc Conaghy Small but mighty with a unique laugh. Dreams of white crepe, yellow roses, and candlelight.

Norma Jean Steyer

A sweet sincere friend to all. She is capable and sure in her work. Possesses the squeakiest "Tongs" in the dorm.

Linda Irene Legg
Vivacious and witty, thoughtful and kind. Loves to joke and have fun. Wherever there is laughter, there is Linda.

Sue Ellen Whitmer
Cheerful, clever, creative, and kind. A true nurse at heart who likes "Gone With the Wind," red roses and airplanes.

When weary quite, I turn to seek my rest, Lord, may I truly know I've done my best.

Ruth Winant Wheeler

MISS CADUCEAN

Each year the students and faculty choose a senior student who best exemplifies the qualities of an

outstanding student nurse. This person is awarded the title of "Miss Caducean."

Because you are friendly, unselfish, courteous, ambitious, a dedicated student, and a leader; this year the honor of "Miss Caducean" is given to you—Miss Mary Lou McConaghy.

STUDENT NURSE ASSOCIATION

Student Nurse Association of Massillon meets once a month to provide a time for discussion and decision of various issues between the three classes and the faculty. SNAM sponsors various activities that contribute to the over-all well being of the student nurse. This year SNAM held a Halloween party, Christmas party, and hope to have a formal dance. The various committees, operating through SNAM, provide the student body with a Judiciary committee made up of students to judge fellow students, a Residence Committee to keep the rooms neat and in order, and a Library committee to select and keep record albums for the Lounge and the Library in good condition.

MISS STUDENT NURSE

Miss Student Nurse of Stark County and first runner-up to Miss Student Nurse of Ohio, Miss Barbara Metheny.

Every spring, the three nursing schools in Stark County gather to hear the essays and witness the judging of Miss Student Nurse of Stark County. For the last six out of seven years, Massillon City has been the home of this title. This year we were proud to make it seven of eight years with the selection of Miss Barbara Metheny. Miss Metheny brought further honors to the school when she was selected a first runner-up in the state competition with her essay, "The Turning Tide." Needless to say, we are very proud of Miss Metheny and our school.

S. C. S. N. A.

The Stark County Student Nurse Association provides unity between the three nursing schools in Stark County: Massillon, Mercy, and Aultman. The meetings provide students of these three schools with an opportunity to get together and compare notes. They are, thereby, increasing their knowledge and making friends at the same time. The biggest event in SCSNA's social calendar is Miss Student Nurse Week, held March 17 this year.

Student Nurse candidates from Massillon City Hospital were left to right: Margy Lipps, Susan Werstler, Linda Jones, and Barbara Metheny.

CHAPEL AND BIBLE STUDY

In the medical profession, as in no other, God is ever present and an important aspect of a student nurses' life is her spiritual growth.

Twice a month students and faculty meet with a local minister to observe a few moments of prayer and meditation.

Each week students also join together to discuss the Bible and share their thoughts and interpretations with each other.

MOMENTS TO TRY AND

How many times have we done this?

And then we did our team leading!

Where else can you go for some peace and quiet?

FORGET!!!

Beauty and the student nurse.

If we have one more bake sale, I'll scream!

What can you say about this?

Even doctors get sick.

THE END!!

NATIONAL HONOR SOCIETY

Scholastic achievement, clinical performance, leadership ability, personality, loyalty, contributions to the school, the nursing profession, the hospital, the community, and church are among the outstanding characteristics kept in mind by the faculty as they select the members of the honor society. Induction into the society and the awarding of the blue and gold honor pin takes place at Senior Chapel every year.

Left to right, seated: Bev Griffith, Mary Lou McConaghy. Standing: Margy Lipps, Barbara Metheny. Absent: Linda Jones.
